THE MOUNTAIN STATES TELEPHONE AND
TELEGRAPH COMPANY

Out-of-Town Calls As Easy As Calling Local Numbers

Nine out of ten long distance calls are completed while you hold the line.

Tell the operator—

1. The city or town you want.
2. The out-of-town telephone number, if available, or the name under which it is listed.

For example—

"I am calling Omaha—Walnut 3456."

(If you do not know the telephone number)

"I am calling Omaha—Anyone at Mr. J. Lowell's residence, 34 Blank Street."

This is a station-to-station call because you have not asked the operator to connect you with a particular person.

When you want to talk with a particular person simply tell the operator the town, telephone number, if available, and the name of the person desired. This is a person-to-person call.

REVERSING CHARGES

If you wish to reverse the charges on a call, tell the operator when you place the call.

If it is a station-to-station call and the initial period rate is twenty cents, charges will be reversed at the station-to-station twenty-five cent rate; and if the initial period rate is less than twenty cents, reversal of charges is made at the corresponding person-to-person rate; otherwise, no additional charges apply.

APPOINTMENT CALLS

On person-to-person calls, the called person can be notified that you wish to talk at a definite time, convenient to you. No extra charge is made for this service.

MESSENGER CALLS

If the called person does not have telephone service, the telephone company will send a messenger. The rate for the call is the same as the person-to-person rate, plus the cost of sending the messenger.

GENERAL INFORMATION

SERVICE DIFFICULTIES

In its endeavor to furnish satisfactory telephone service, the Company necessarily depends to a large extent upon the cooperation of its customers. Therefore, we urge you to report promptly, by telephone, all service irregularities and the existence of worn and defective apparatus such as broken mouthpieces, frayed cords, loose wiring, etc. These repairs and replacements are made *without charge*.

SERVICE SUGGESTIONS

After you place a call, be sure to allow what you consider a sufficient length of time to enable the called person to reach his telephone, before concluding there is no one there to answer.

When your telephone bell rings, answer as promptly as possible by announcing your number or name.

Be sure the receiver is properly restored at the close of a conversation. Otherwise your line may be "out-of-order" when someone is trying to call you.

APPLICATIONS FOR NEW SERVICE, MOVES AND CHANGES

If you want a telephone installed or moved, or if you want any changes in your present service, we shall be glad to make a definite appointment to handle your order at a time convenient for you; and the work will be done by us with the greatest possible diligence.

Just call our business office.

CHANGES AND ERRORS IN DIRECTORIES

No liability shall attach to or be assumed by the Company for any errors or omissions in the compiling, printing or distributing of its directories. In order that the directory records may contain correct listings at all times notification of changes or errors should be given at once at the Business Office of the Company.

ATTACHMENTS TO DIRECTORIES

The usefulness of the directory is impaired if an outside cover is used, or if anything is pasted on the outside or inside of the book. For this reason, such attachments must not be permitted.

ATTACHMENTS TO TELEPHONES

The equipment, apparatus, and lines furnished you have been designated to

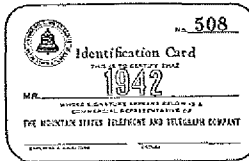

produce the best telephone results. No instrument, appliance or device of any kind not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. You are requested, therefore, not to use or permit the use of such instruments, appliances or devices. The Telephone Company reserves the right to remove such devices, when found, in order to protect the telephone service.

ADVERTISING TELEPHONE NUMBERS

Many subscribers find it convenient and profitable to use their telephone numbers on stationery and business cards, as well as in their advertising. We encourage this practice, but it should be understood that the assignment of the telephone number does not vest in the subscriber a property right thereto.

We exert every effort to avoid changing telephone numbers, but the needs of the service occasionally compel us to do so. Obviously, when you display your telephone number, the value to you, and to the service as well, depends upon the number being carried correctly at all times. Therefore, in the event your number is changed, it is suggested that corrections be made as promptly as possible.

IDENTIFICATION OF EMPLOYEES

All employees who are authorized to represent this Company are furnished with identification cards similar to the accompanying illustration, bearing the name and signature of the employee. Subscribers are requested to refuse access to their premises to anyone who cannot in this way identify himself.

HOW TO SEND TELEGRAMS AND CABLEGRAMS BY TELEPHONE

To file a telegram or cablegram by telephone follow the instructions given in this directory under the name of the particular Telegraph Company desired.

IMPROPER LANGUAGE

Profane or obscene language over the Company's wires is prohibited. Subscribers are responsible for the enforcement of this rule. Failure to observe this will constitute cause for discontinuing service.

POLICE CALLS 2443

Or you may dial "OPERATOR" and report the emergency to her.

FOR ASSISTANCE—For local TELEPHONE NUMBERS not listed in this directory—To report a telephone out of order—BUSINESS OFFICE calls—Dial "OPERATOR."

HOW TO DIAL

1. REMOVE THE RECEIVER AND LISTEN FOR DIAL TONE—a steady "hum-m-m-ing" sound. DO NOT START TO DIAL BEFORE YOU HEAR THIS TONE.
2. LEAVE THE RECEIVER OFF AND PLACE YOUR FINGER IN THE OPENING WHERE YOU SEE THE FIRST FIGURE OF THE NUMBER YOU WANT TO CALL.
3. PULL THE DIAL AROUND UNTIL FINGER STRIKES THE FINGER STOP—Remove finger from opening and allow dial to return to normal. DO NOT FORCE DIAL.
4. PROCEED IN THE SAME WAY TO DIAL THE REMAINING FIGURES OF THE NUMBER IN THE ORDER IN WHICH THEY APPEAR.
Within a few seconds after dialing the number, you should hear the RINGING SIGNAL, an intermittent "burring" sound, indicating the called telephone is being rung. If the called line is busy, you will hear the BUSY SIGNAL, a rapid "buzz-buzz-buzz" sound.

IF YOU MAKE A MISTAKE IN DIALING

—If your finger slips or does not strike the finger stop, or you do not hear the ringing signal within a reasonable period (at least 20 seconds), hang up for a few seconds and then dial again.

TO PLACE A LONG DISTANCE CALL FROM:

ASPEN:
Dial OPERATOR

BASALT:

TO CALL ANOTHER PARTY ON YOUR

LINE—Dial the complete number of the telephone you wish to call. You will hear the BUSY SIGNAL just before dialing the last figure in the number. Proceed to dial the last figure—then HANG UP. Your bell will then ring until the called party answers. Then remove your receiver and proceed with your conversation. In case the called party does not answer, lift your receiver for a few seconds to stop your bell ringing.
