OPERATION OF DIAL TELEPHONES
Aspen, Basalt, Carbondale, and New Castle

FIRE CALLS 2443
POLICE CALLS 2443

TO PLACE A LONG DISTANCE CALL FROM:

Or you may dial "OPERATOR" and report the emergency to her.

ASPEN:
 Dial OPERATOR

FOR ASSISTANCE—For local TELEPHONE NUMBERS not listed in this directory—To report a telephone out of order—BUSINESS OFFICE calls—Dial "OPERATOR."

BASALT:
 To Carbondale—Dial 9. Listen for "DIAL TONE"—then dial the Carbondale number.
 To All Other Points—Dial OPERATOR.

HOW TO DIAL

1. REMOVE THE RECEIVER AND LISTEN FOR DIAL TONE—a steady "hum-m-m-ing" sound. DO NOT START TO DIAL BEFORE YOU HEAR THIS TONE.
2. LEAVE THE RECEIVER OFF AND PLACE YOUR FINGER IN THE OPENING WHERE YOU SEE THE FIRST FIGURE OF THE NUMBER YOU WANT TO CALL.
3. PULL THE DIAL AROUND UNTIL FINGER STRIKES THE FINGER STOP—Remove finger from opening and allow dial to return to normal. DO NOT FORCE DIAL.
4. PROCEED IN THE SAME WAY TO DIAL THE REMAINING FIGURES OF THE NUMBER IN THE ORDER IN WHICH THEY APPEAR.
 Within a few seconds after dialing the number, you should hear the RINGING SIGNAL, an intermittent "burring" sound, indicating the called telephone is being rung. If the called line is busy, you will hear the BUSY SIGNAL, a rapid "buzz-buzz-buzz" sound.

CARBONDALE:
 To Basalt—Dial 7. Listen for "DIAL TONE"—then dial the Basalt number.

To Glenwood Springs and New Castle—Dial 9 and give the number to the operator.

To All Other Points—Dial OPERATOR.

NEW CASTLE:

To Carbondale and Glenwood Springs—Dial 9 and give the number to the operator.

To All Other Points—Dial OPERATOR.

PARTY LINE AND EXTENSION USERS

—Should always listen before dialing to make certain the line is not in use. If another party tries to use the line while you are dialing, tell him that the line is in use, then hang up for a few seconds and dial the number again.

TO CALL ANOTHER PARTY ON YOUR LINE

—Dial the complete number of the telephone you wish to call. You will hear the BUSY SIGNAL just before dialing the last figure in the number. Proceed to dial the last figure—then HANG UP. Your bell will then ring until the called party answers. Then remove your receiver and proceed with your conversation. In case the called party does not answer, lift your receiver for a few seconds to stop your bell ringing.

IF YOU MAKE A MISTAKE IN DIALING

—If your finger slips or does not strike the finger stop, or you do not hear the ringing signal within a reasonable period (at least 20 seconds), hang up for a few seconds and then dial again.

GENERAL INFORMATION

SERVICE SUGGESTIONS

After you place a call, be sure to allow what you consider a sufficient length of time to enable the called person to reach his telephone, before concluding there is no one there to answer.

Answering your telephone promptly will secure you better service and avoid abandoned calls or other attempts to reach you. Time is saved by identifying yourself, your Company, or your Department immediately.

Speak slowly, clearly and directly into the telephone with your lips about one-half inch from the mouthpiece. Otherwise you will not be heard distinctly.

Be sure the receiver is properly restored at the close of a conversation. Otherwise your line may be "out-of-order" when someone is trying to call you.

SERVICE DIFFICULTIES

Our every effort is devoted toward providing you with the best possible telephone service. We shall appreciate your cooperation in reporting promptly any service troubles or defective equipment, such as broken mouthpieces, frayed cords, or loose wiring. Repairs and replacements necessitated by ordinary usage or unavoidable accidents are made without charge.

ATTACHMENTS TO DIRECTORIES

To insure the usefulness of the directory, no attachment, holder or auxiliary cover, except such as may be furnished by the Company, shall be used in connection with any telephone directory furnished by the Company.

ATTACHMENTS TO TELEPHONES

The equipment, apparatus and lines furnished you have been designed to produce the best telephone results. No instrument, appliance or device of any kind not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. You are requested, therefore, not to use nor permit the use of such instruments, appliances or devices. We exert every effort to avoid changing telephone numbers, but the needs of the service occasionally compel us to do so. Obviously, when you display your telephone number, the value to you, and to the service as well, depends upon the number being carried correctly at all times. Therefore, in the event your number is changed, it is suggested that corrections be made as promptly as possible.
